What's new in Self Shot:

Stories Author: The Diva My best friend goes to a holistic women's health center called Spring Country. I went to her once or twice. It was an exam room on wheels with a retractable curtain in the back. There was a massage table. Then I closed my eyes and remembered our best friend, Karen, who had a body that was so perfect, it could go on a runway. Long and lean, and firm with healthy enviably beautiful skin. I started getting sexually frustrated on the drive back home, so I pulled over at the scenic spot and tried to stretch my legs out when I noticed that the massage table had a camera on it. My eyes lit up because I was able to finally have on camera, what I had been missing for many, many years. I had a real woman cuddling with me while I slept. Karen looked so good in her sleep. I pulled my self up on my knees to pull out my device, and while my device was in the air on the way to my iPhone, I jerked my hand back and touched my pussy. How could I even be thinking about pussy when my best friend's pussy was in the next room? Karen was sleeping nude. And she had no idea that I was fantasizing about her pussy. I got an idea. I would masturbate to Karen's girl on girl exposure photos. Perhaps I would start straightening out my hair and look good in my photos. So I started masturbating. I pulled my thong off and pulled my hair over my shoulder as I got close to Karen's photos. I looked over to make sure my girlfriend wasn't there, then I inserted my fingers into my tiny pussy and started finger-fucking myself. I didn't know I was watching myself until Karen crawled into the bathroom to brush her teeth. Of course I had to go in and watch her beautiful, slender body. She started to flush the toilet and I got up to stop her. She turned around and kept flushing. She had a new body with more curves, the curves on the outside and bigger, rounder boobs that pulled her c cup tits up and together. "Wait," I said, "what are you doing?" "We
